# NEW JERSEY'S MEGA MILLIONS JUMPS TO $893 MILLION

**TRENTON (March 19, 2024)** – Due to increased sales across the nation, the Mega Millions jackpots have been increased today. The Mega Millions jackpot now sits at $893 million for tonight's drawing. Mega Million was last hit on December 8, 2023 for $394 million.

Our website features important information for players, including odds and prizes for Mega Millions as well as tips and guidelines for group or lottery pool play. If a player believes they have a winning ticket, we recommend signing the back of the ticket and taking a picture of both sides for security before checking the ticket with our app, website, or any New Jersey Lottery retailer. A winner of a large prize may wish to seek financial and legal consultation.

Players are reminded that Lottery games are for fun and entertainment – it only takes one ticket to get in the game. The Lottery promotes responsible play through its cooperation with the Council on Compulsive Gambling of NJ and by promoting the Council's helpline phone number, 1-800-GAMBLER, on all Lottery marketing and advertising materials.
