Pick-4 Enjoys Record Night With All 7s

Players earned over $1.4 million in the evening draw, the largest in game history

TRENTON (Dec. 09, 2024) – All 7s added up to a record night for the New Jersey Lottery's Pick-4 drawing on Sunday, Dec. 8.

In the evening drawing, the numbers were **7, 7, 7, 7.** There were 569 wins of $2,500. Pick-4 players won a total of $1,431,405, the largest amount ever for a single draw. The midday drawing, with the winning numbers of **1, 0, 9, 9** yielded a total of $297,159 in winnings. In total, Pick-4 players won over $1.7 million.

This significant payout is the result of a game change that took place on Nov. 14, 2022, which made it possible for players to win such a large amount in a single draw. The game change sets a fixed and constant prize amount for each wager type. Prior to the game change, the Sunday draw's top prizes would have only been about $650.
