Lottery Adopts Rule Changes Governing Courier Registration Renewal

NJ Lottery Public Notices
Notice of Adoption regarding N.J.A.C. 17:20-2.1 and 12.7

TRENTON (September 8, 2026) – The New Jersey Lottery has adopted amended rules governing the registration renewal process for registered courier services. The amendments were published in the New Jersey Register today and distributed to media outlets that cover the state. They are part of the Lottery Division's continuous efforts to streamline administrative requirements while maintaining the integrity and reputation of the Lottery.

The amendments to N.J.A.C. 17:20-2.1 and 12.7 extend the term of courier service registration from one year to three years. The amendments also implement a staggered renewal schedule for currently registered courier services to ensure all registrations do not expire in the same year. This change is prompted by the Division's experience in regulating courier services, which has demonstrated annual registration is no longer requisite.

The infrequency of substantial changes, coupled with existing reporting requirements that adequately capture necessary updates, supports the transition to a triennial renewal cycle.

The full text of the amended regulations is available in the September 8, 2026, edition of the New Jersey Register and on the Lottery's website.
